June 30, 2005

I've worked with atsec for three years now. Everything about the experience has been a pleasure. I very much appreciate the talent and professionalism of the atsec staff. Everyone I've dealt with is a real security expert, and is passionately committed to making sure that the information technology real people use has well-understood, high-quality security. atsec has produced absolutely first-rate work on every project I've been involved with. Our products are better because of your work, and I'm grateful for that.

I'm confident we'll have many opportunities to work together in the future, and I'm very much looking forward to the continued collaboration.

Congratulations on five years of dedication and excellence!

Bob Blakley
Chief Scientist, Security and Privacy, IBM
